

MOTIF

COLLECTION

The new face of comfort.

INTRODUCING THE NEW
COLLECTION OF DECORATIVE
FASCIAS FROM THE INDUSTRY
LEADER IN OUTDOOR
COMFORT HEAT.

INFRATECH

INFRATECH
COMFORT

expanding the possibilities of outdoor design versatility.

Infratech has long been recognized by leading architects, designers and builders for providing the widest range of aesthetic choices in the industry — from heater profiles to mounting and color options. Now we are excited to announce the launch of our most designer-friendly offering yet: the Motif collection of stylish, laser-cut decorative fascias that can be added to our C-Series and CD-Series heaters.

CONTEMPORARY

Infratech's Contemporary fascia has been designed to add visual interest to the modern home. It is inspired by the clean lines and iconic forms of the Minimalist, Modern and Mid-Century aesthetic traditions.

CRAFTSMAN

Arts and Crafts and Deco elements combine in our Craftsman-inspired decorative fascia. This design incorporates geometric forms inspired by Frank Lloyd Wright and Greene and Greene, to complement everything from stately homes to cozy bungalows.

MEDITERRANEAN

Moorish circular flourishes characterize our Mediterranean-inspired decorative fascia. This design offers an appealing visual accent for Spanish-style, Tuscan, French Country or Southwestern properties.

TRADITIONAL

America's design heritage is reflected in our Traditional decorative fascia. This design is inspired by Colonial, Victorian, Farmhouse and Transitional architecture, and complements properties with traditional shapes and forms.

Infratech's fascias are designed to snap seamlessly onto the heater body, providing an easy upgrade for any new or previously installed C-Series or CD-Series heater.
